Eleven Empire presents
Rockhouse(Bar)
DEAFDEAFDEAF (UK)

Bestätigt

DEAFDEAFDEAF sind determiniert Manchester abermals auf die Karte zu packen. Die Mancunians folgen musikalisch in den Fußstapfen ihrer Vorreiter von Joy Division bis The Smiths und das in einer Art und Weise wie man sie lange nicht mehr gehört hat. This is one to watch!

DEAFDEAFDEAF

DEAFDEAFDEAF ist eine Post-Punk Band aus Greater Manchester, UK. Entwaffnender Shoegaze, lärmender, rückkopplungsgespickter Post-Punk, der mit dem Echo ihrer Manc Vorfahren nachhallt.

"A mile away from the average indie b*lllocks and a marker for the Next Next Wave. DEAFDEAFDEAF cement their place in the rich vaults of Manc music with their own twist of subnormal soundscapes."
Louder Than War.

"The Band perfectly executes a range of dynamic levels, knowing just when to throw an abundant amount of harsh noise at you resulting in an all more powerful feeling of intensity."
SPEW.

"Touching on all of the unsettling emotions typically found in the melancholy genre, DEAFDEAFDEAF refuse to shy away from the truth."
Gigwise

"Comparative to the records, the live set exhibits chaos and intensity that has to be experienced firsthand to truly appreciate the immense talents of DEAFDEAFDEAF"
VOICE

"DEAFDEAFDEAF have carved for themselves. Undefined by genre, yet akin to influence, the boys have really pulled together an impressive roster of tracks – especially this early on in their career. Notably building a name for themselves in the live music industry as one to watch, they have a certain grace in creating atmosphere and forging chaos in even the most unconventional of spaces."
