To welcome the summer we are happy to invite you all to a little beltane celebration, before we release you onto the dancefloors of the upcoming festival season. For this occasion we are excited to have Anjoli from Flow EV Rec./Vienna with us. Jolie is a cornerstone of Viennas psytrance scene since many years and played on a lot of big stages in europe. Her sound is energetic, punchy and full power psychedelic, yet playful. Supported by our dear friend Chris Nord from Tiefdruck and our members Nilya, Funkshape & Imbroglia.
